Welcome to Edinburgh's Adult Education Programme for January 2012

Welcome to the new edition of the Adult Education brochure for day, evening and weekend classes starting in January 2012.

The City of Edinburgh Council's Community Learning and Development service and the Community High Schools work together to provide learning opportunities that are accessible to adult learners throughout the whole Edinburgh area, the map overleaf showing all the different centres where classes are available.

The central Adult Education Programme team, (based at South Bridge Resource centre), organises the wide range of classes that you'll find on your doorstep in local schools and community centres and the Community High Schools bring life long learning to the heart of their communities. Wherever you live you'll find somewhere near you or on a short bus route where you can learn something new, improve your skills and make new friends. This brochure has details of the central Adult Education Programme, and highlights of the Community High Schools' programmes - please contact the schools direct or visit their websites for more information.
